The Junior Class, this year, is experimenting with new ways of raising money. One of our endeavors was the Halloween Dance and Costume Party. The results proved that investing a lot of money in entertainment is not imperative for a successful event.

Student Council consists of delegates from grades 7-12 who serve to represent their respective class in carrying out various duties. Sponsoring activities too broad for other organizations alone and working directly with the administration in seeing that any new ideas are presented and possibly put through are the two main characteristics that make this organization unique. This year's greatest accomplishments have involved founding of a school store and the starting of Jr. High dances.

Press Club is an organization which enables the members to learn how to produce a school newspaper. Members of Press Club write and publish stories concerning the activities and students in the school. This year the Toronado X-Press is being, for the first time, published outside of school.

The Girls Athletic Association has been created to promote interest and greater participation in our girls' sports program. This organization hopes to help guide those girls interested in a career in Physical Education or one related to it. Any girl, who has participated on a J.V. or Varsity team, is eligible to join G.A.A. The G.A.A. is entirely self-supporting and uses its money to purchase items or equipment for the girls' teams, awards for girls on the teams, and also has given money to help girls attend summer sport camps.

The purpose of the Varsity Club is to encourage athletic participation as well as to support athletics. The only students eligible for this organization are those boys who have earned a varsity letter in the past year. The club sells refreshments at games and various other items in order to earn money. This money is used to help purchase equipment for athletic purposes.

The Future Homemakers of America Club consists of high school Home Economics girls. The club flower is a rose; the colors are red and white. The girls complete projects for school and community and finish out the year with a banquet.

Conservation Club at Poland is now in its seventh year. Activities have included the construction of the bridge over Cold Brook Stream, the construction of a Conservation and Nature Trail, the removing of dead trees and the planting of new ones. Also we have provided funds to plant flowers in the planter in front of the school. The activities in the past 7 years have been financed by the traditional pen and pencil sale, bearing the slogan "Clean Up America."

Principal's Advisory Committee

1st Row: C. Forbes, D. Taylor, J. Lawson, R. Renodin, K. Clark, M. Hennings. 2nd Row: B. Weakley, T. Koscinski, B. Maynard, C. Plante. 3rd Row: C. Eddy, D. Purser, D. Malara, A. Brown.

The basic objective of the Principal's Advisory Committee is to keep the lines of communication open between students and administrators. Known as a sounding board for problems, the committee has no real power. But even so, the committee has contributed to a good student-administration relationship and has been the starting place for many good ideas which, when enacted, have made P.C.S. a better place.

Kuyahoora Chapter of National Honor Society inducted new members at an evening ceremony held for parents and friends in early December. Officers for the year are: Cathy Trott, Pres.; Luba Hyrynk, Vice-Pres.; Gerri Nebush, Secretary; Mary Lou Paul, Treasurer. Membership in honor society is based on scholarship, character, leadership and service. Among activities planned by the group were Christmas caroling and school service projects.

Meeting twice a week, Junior Chorus learns to sing in parts using descants and canons to develop this skill. Sight reading and programming are mixed to add variety. A small select group is usually chosen to do ensemble work. This year this chorus is performing scenes from "Charlie Brown's Christmas." The Senior Chorus also meets bi-weekly and students who have free time available participate in sectionals each week. A small mixed ensemble is usually chosen to perform show music. Because of a limited boys' section, this has not been possible for the past couple of years.

Musicianship & Performance have been the motto which one could describe such an outstanding group of young people. As in the past years, we have tried to give our students a good sound, music education, as well as providing our audience with good listening programs. Understanding and feeling accomplishment are all keys to our success; but note that one element which stays in our minds is PRIDE in ourselves, school, and our Poland Concert Band.

The Audio Visual Club is responsible for delivering films, records and BOCES material to teachers. The members also keep the machines in repair and operate the equipment in the classrooms.

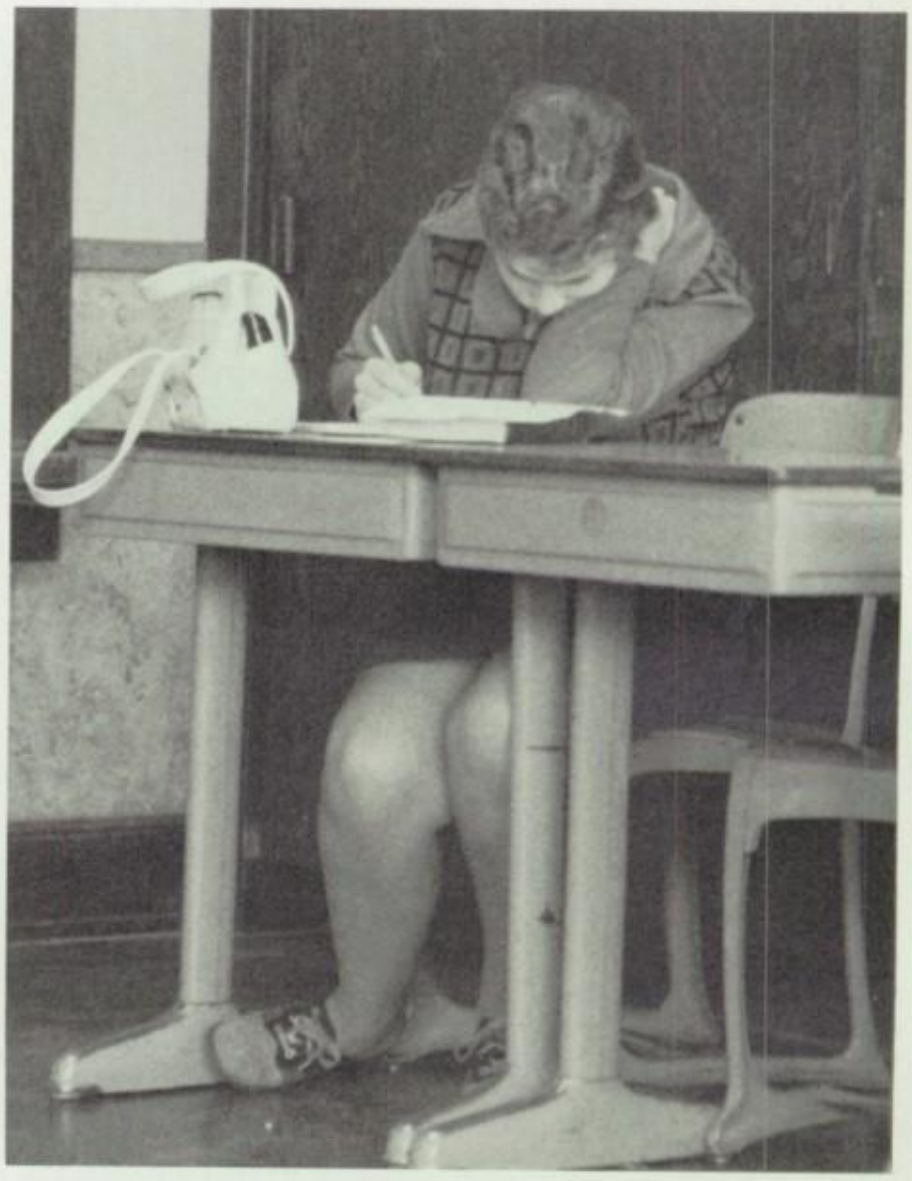
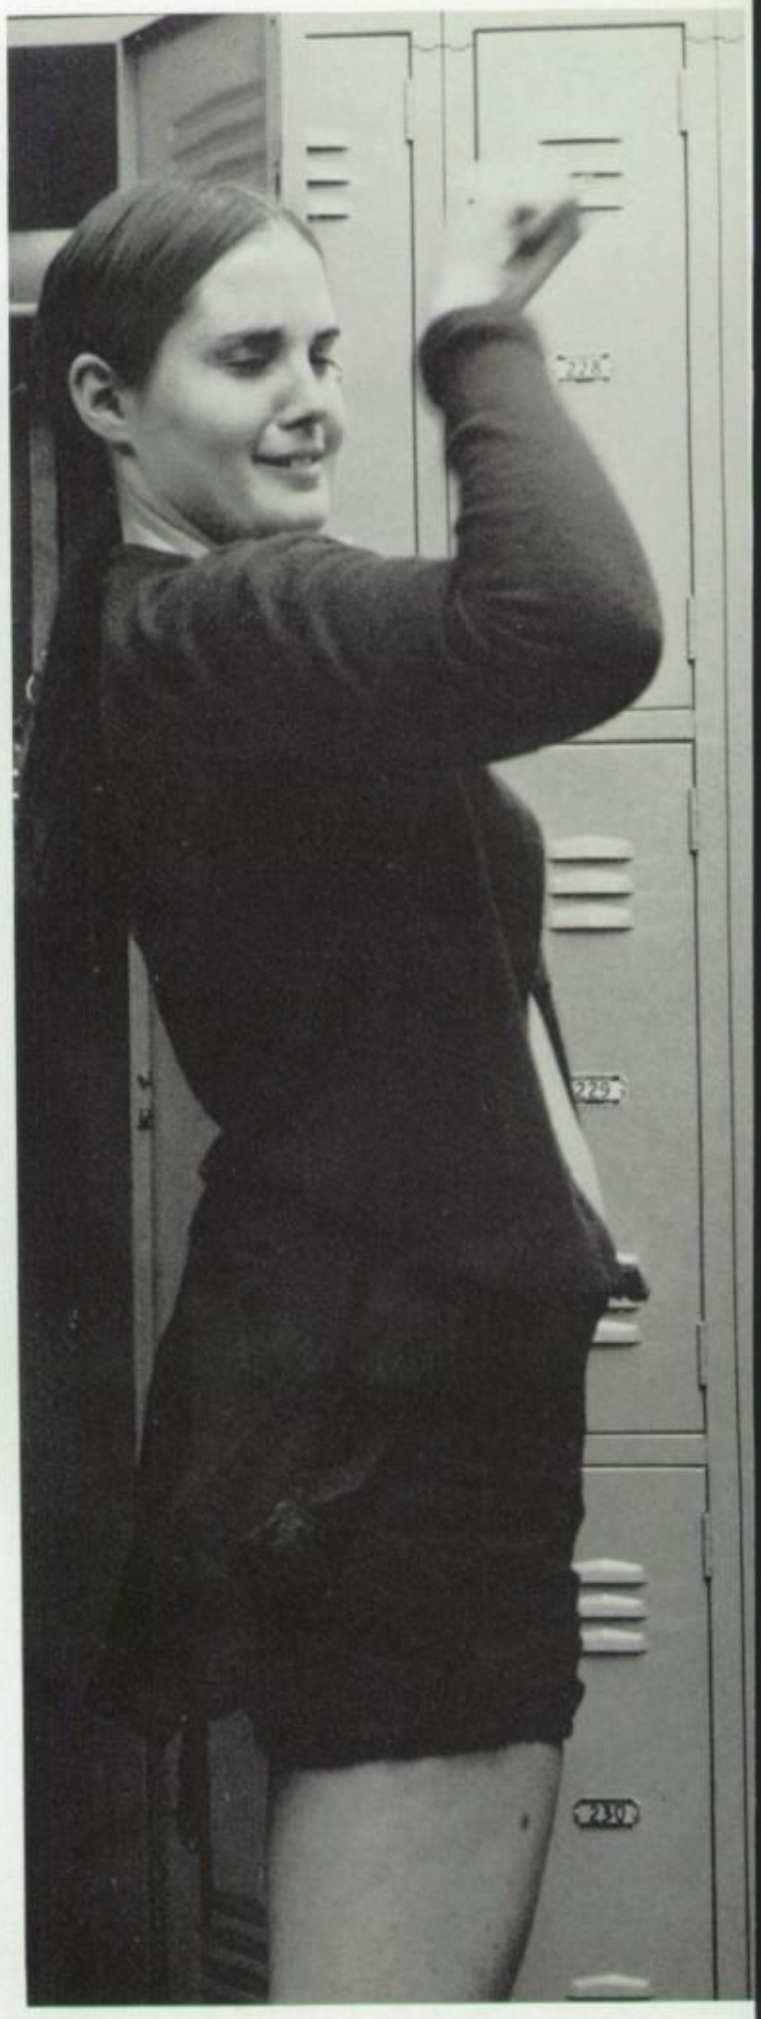
"He is not laughed at that
laughs at himself first"

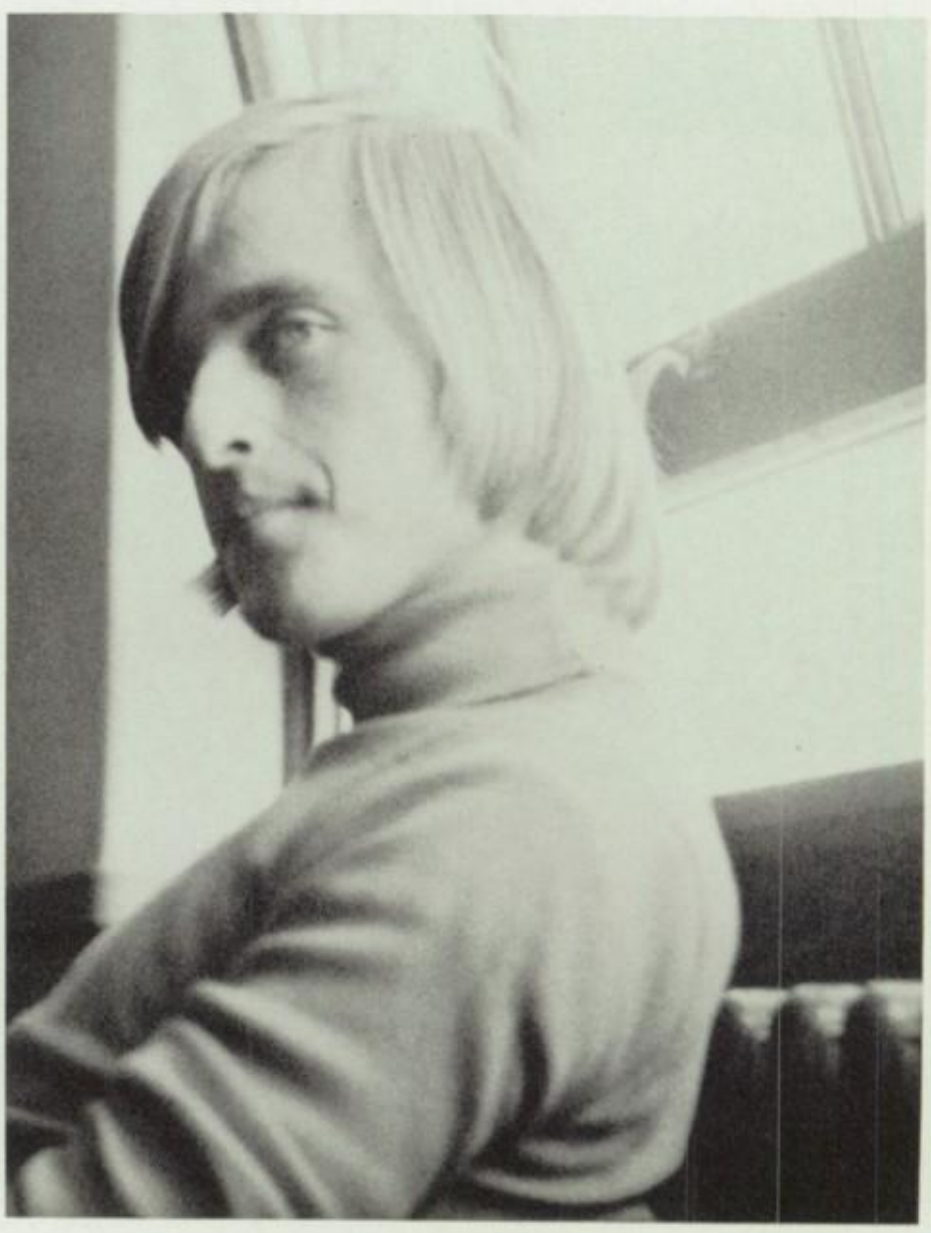
"To believe in one's dreams is to spend all of one's life asleep . . . . "

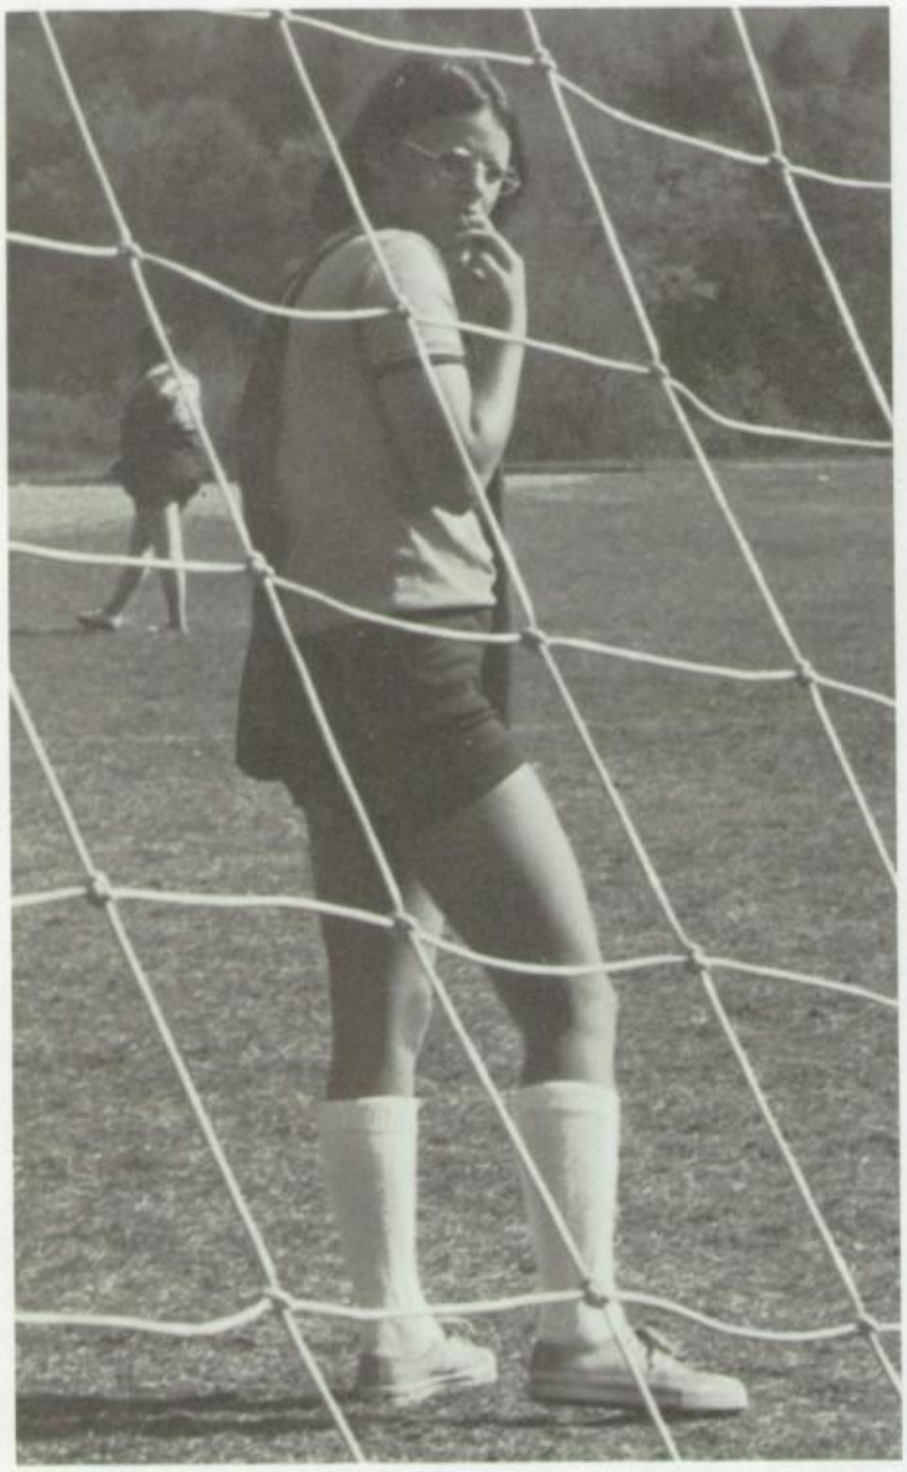


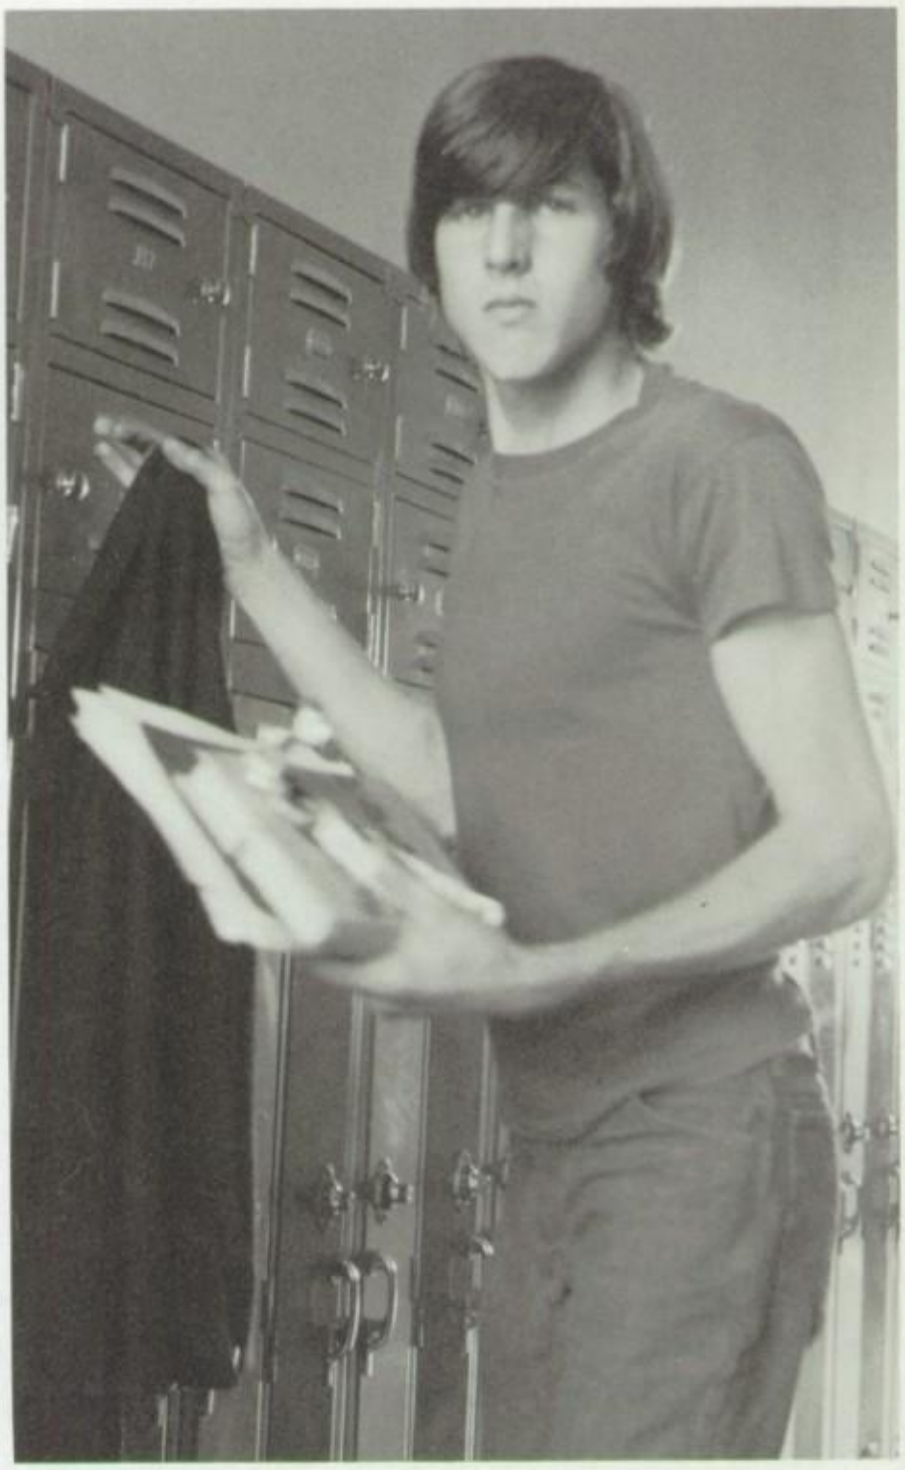
"As any action or posture, long continued, will distort and disfigure the limbs, so the mind likewise is crippled and contracted by perpetual application to the same set of ideas."



"You take falsehood for truth and ugliness for beauty. You would marvel if suddenly apple and orange trees should bear frogs and lizards instead of fruit, and if roses should begin to breathe the odor of a sweating horse"

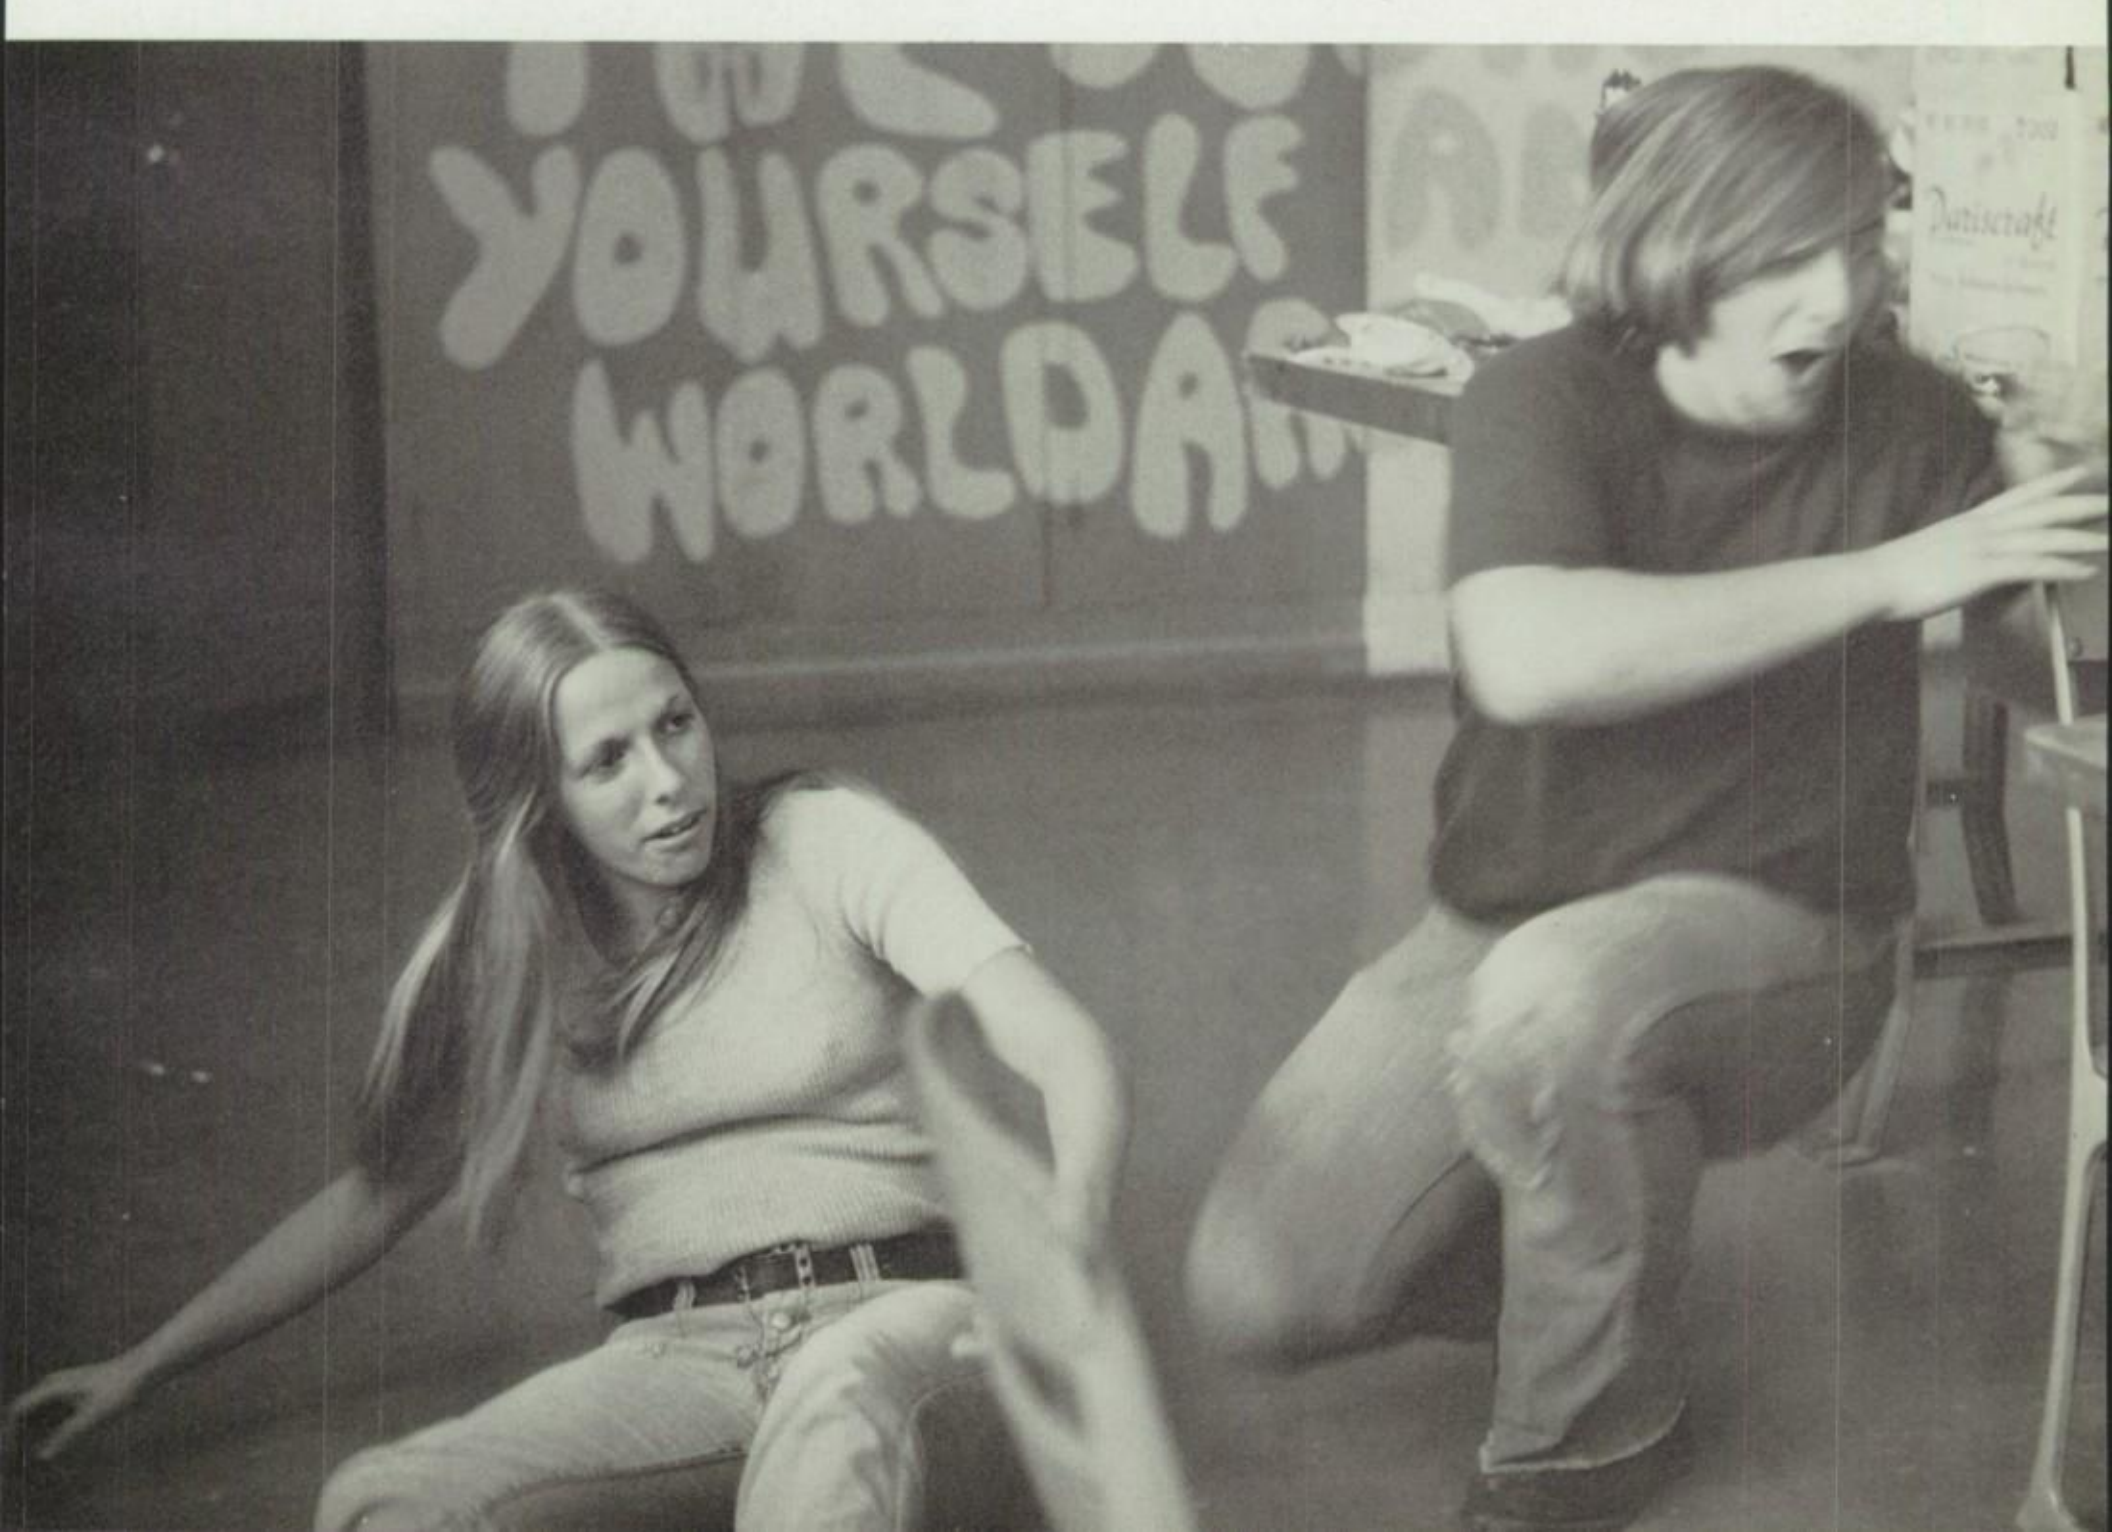


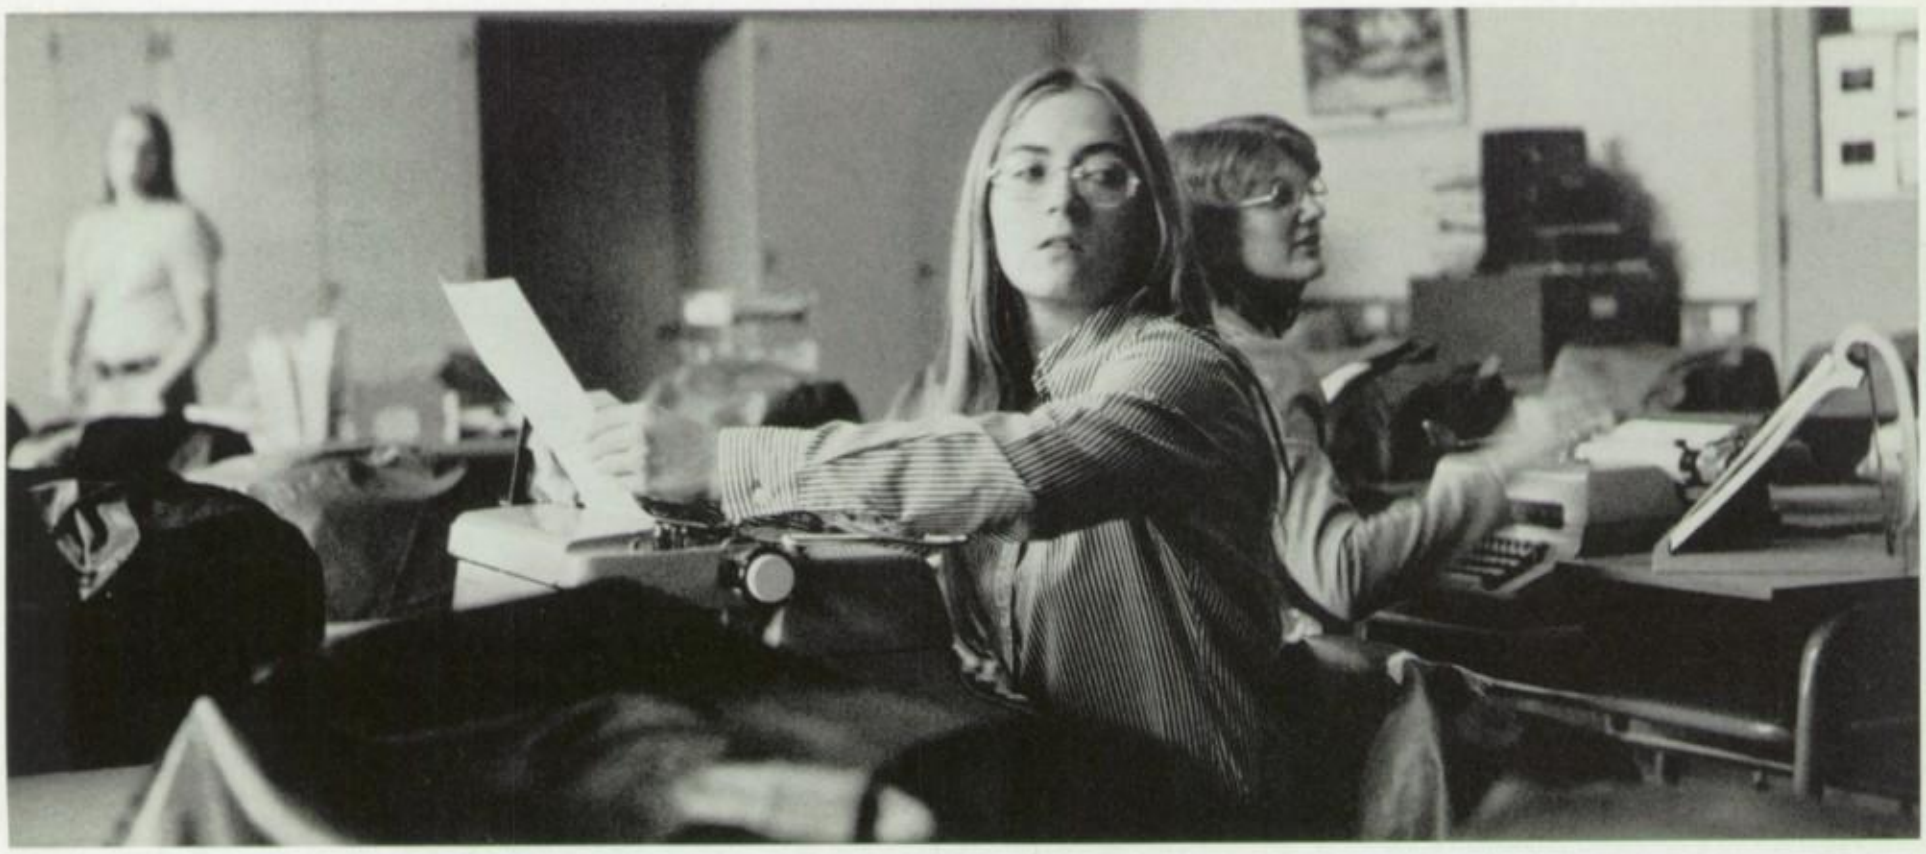




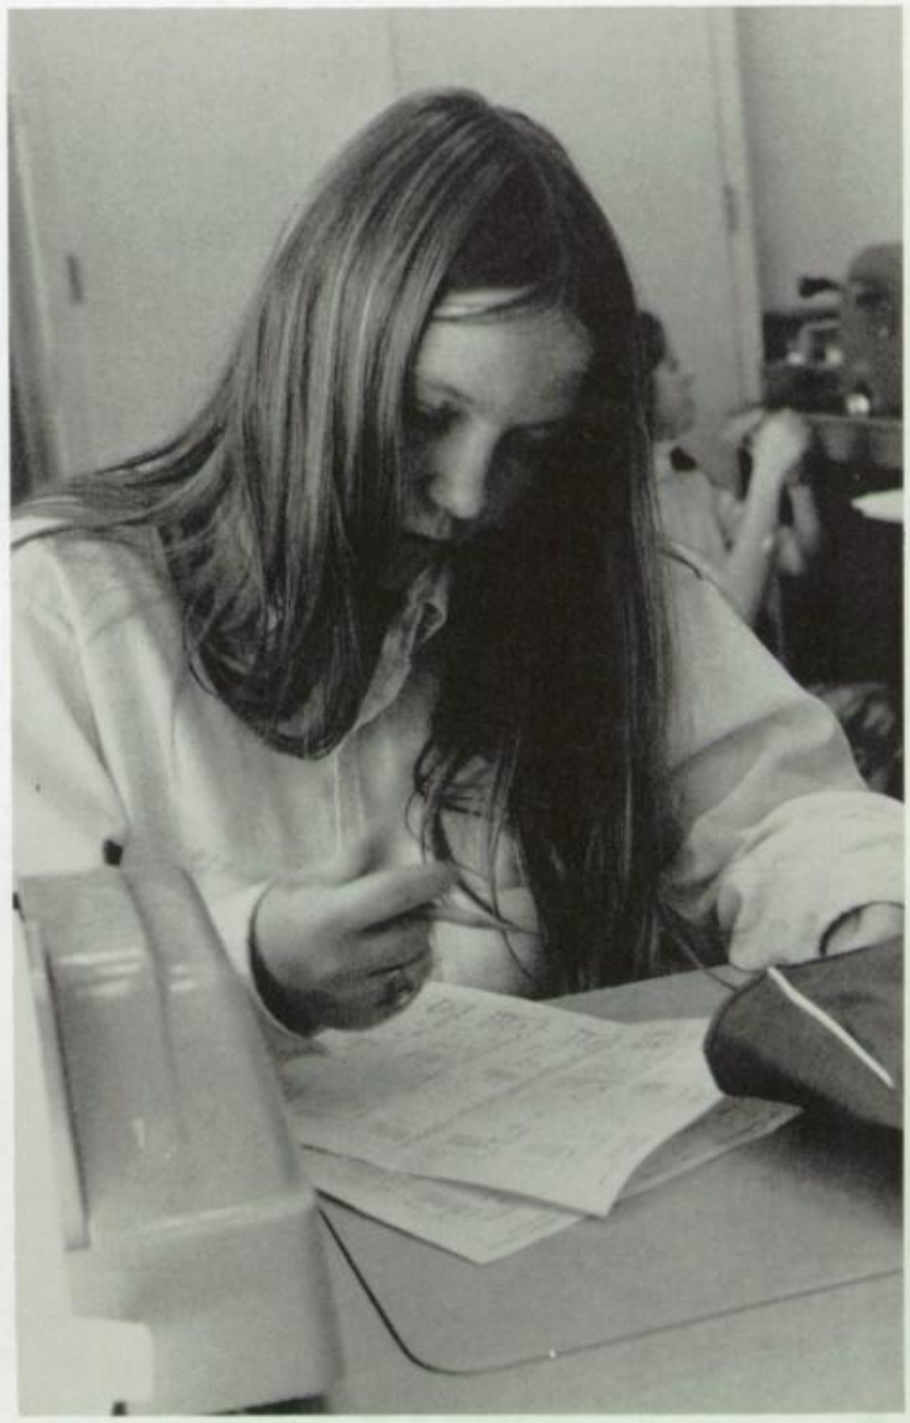
"Which of us is not forever a stranger and alone?"

"Teach us Delight in simple things,
And Mirth that has no bitter springs"

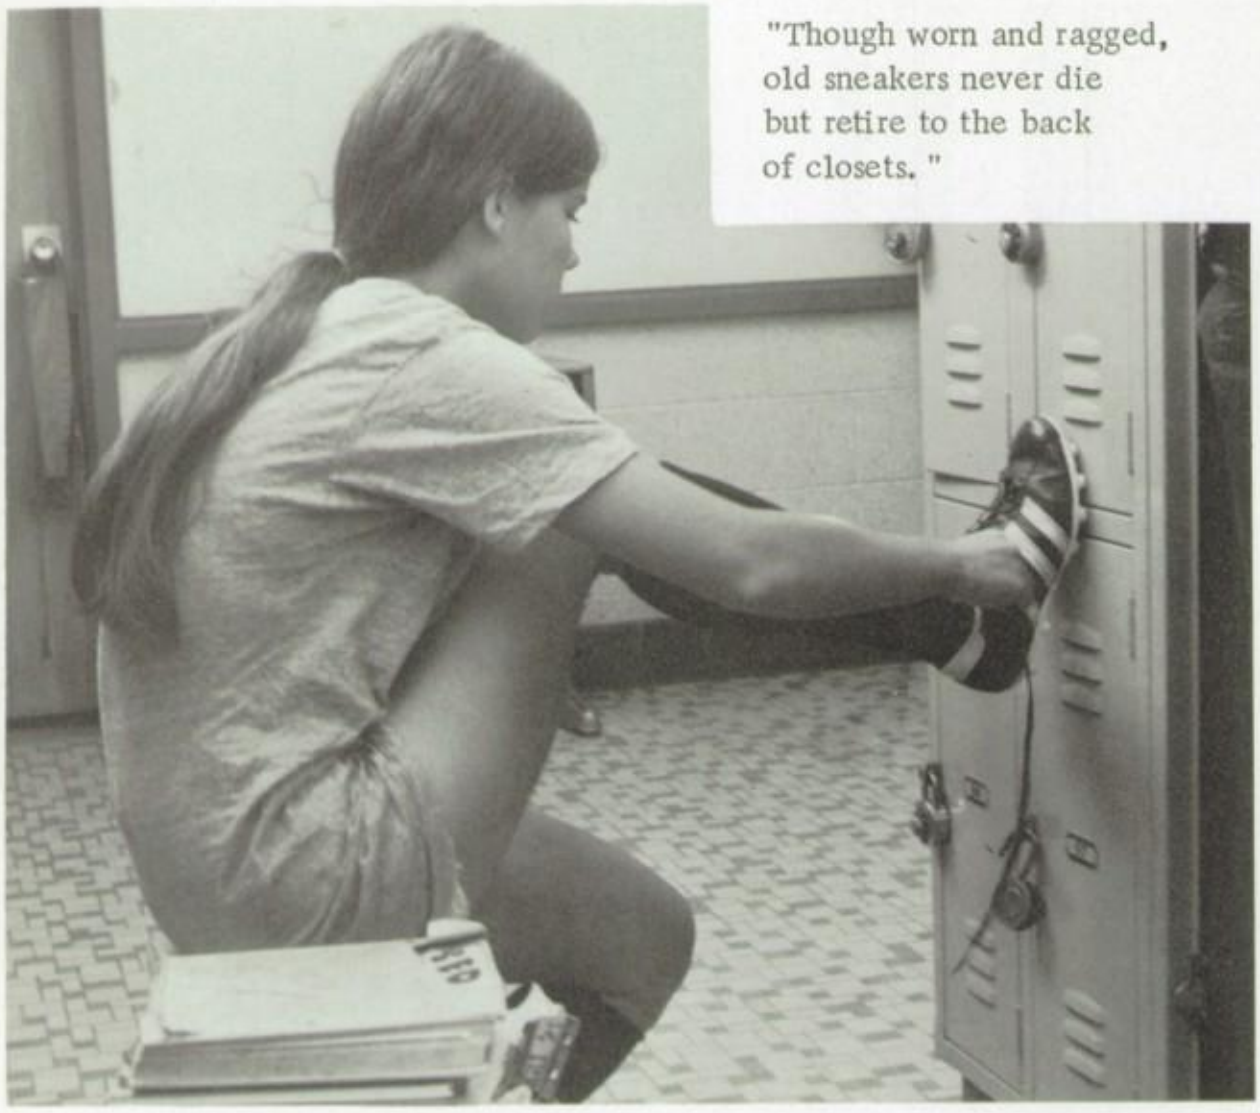




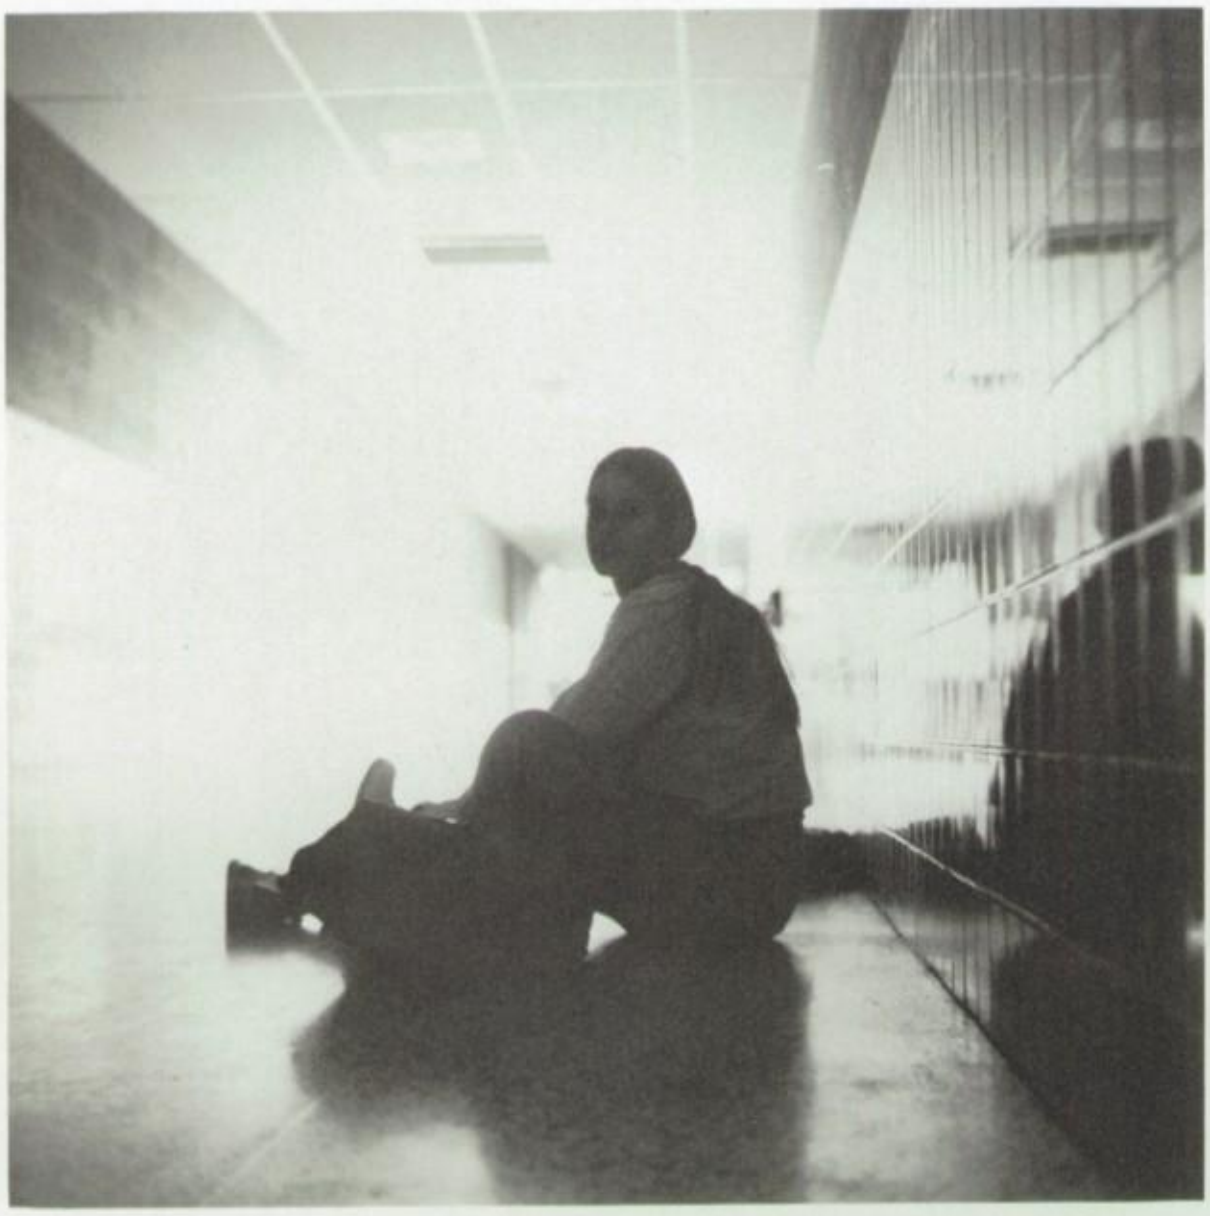
"By too much sitting still the body becomes unhealthy, and soon the mind."



"Eyes are more accurate
witnesses than ears"

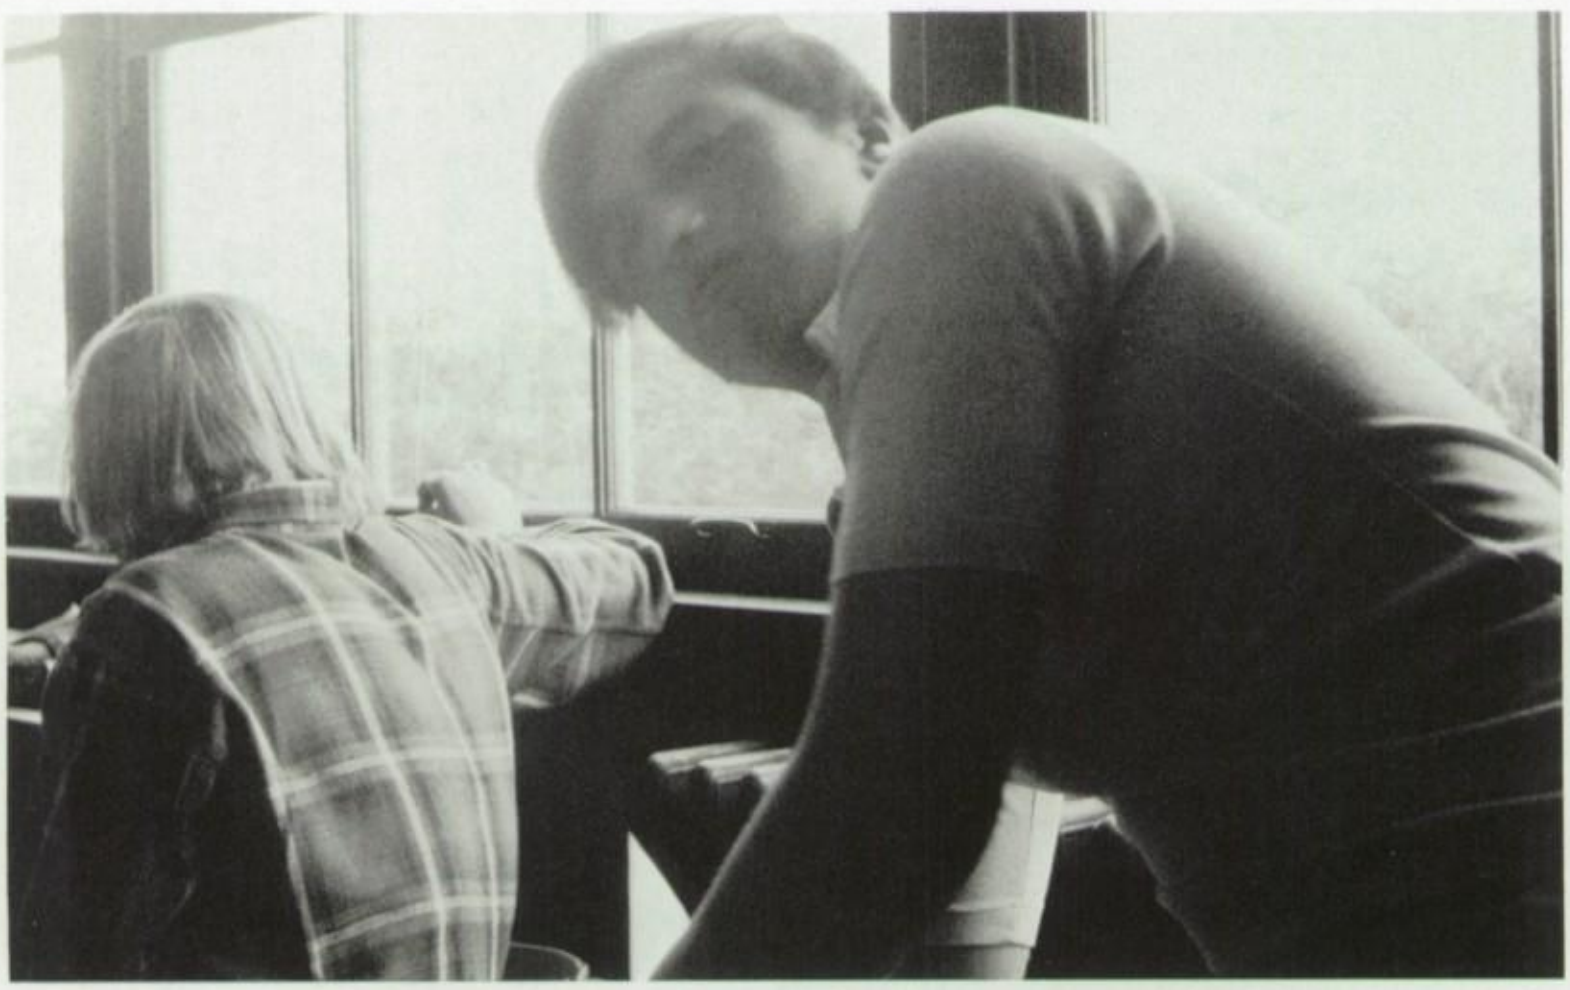


"Though worn and ragged,
old sneakers never die
but retire to the back
of closets."



"Out of nowhere something comes at me like a jack-in-the-box and I go up like a skyrocket"

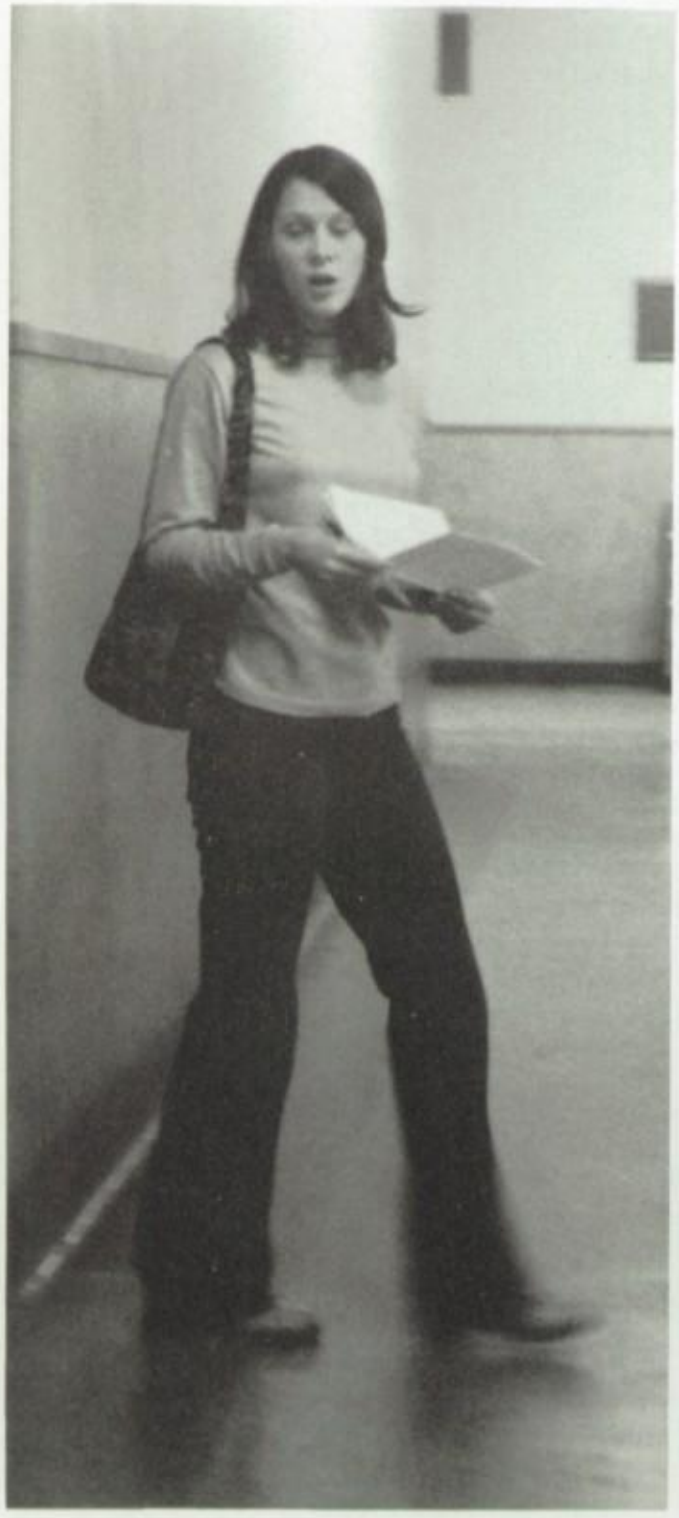
"To be nobody but myself--in a world which is doing its best, night and day, to make you everybody else--means to fight the hardest battle which any human being can fight, and never stop fighting"



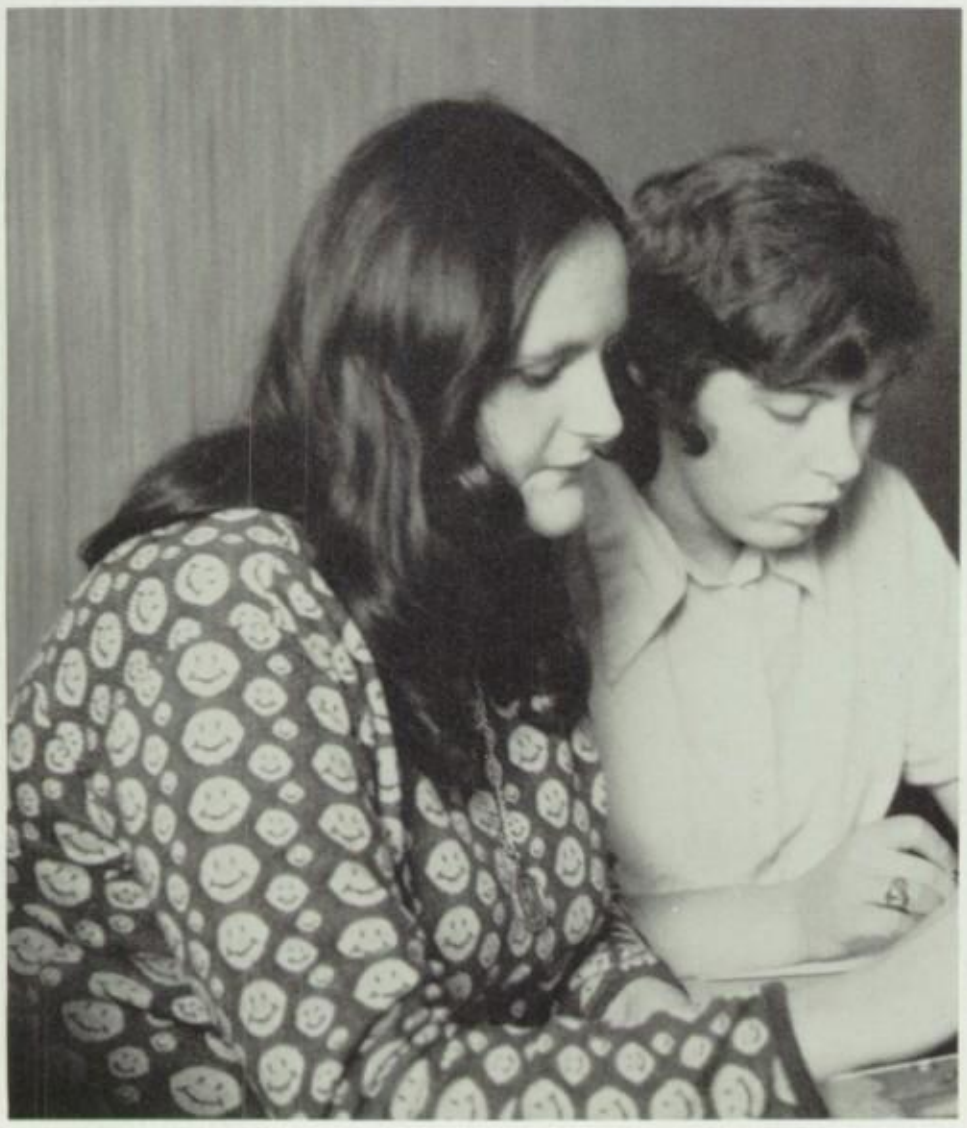
"Though it be disfigured by many defects, to whom is his own body not dear?"

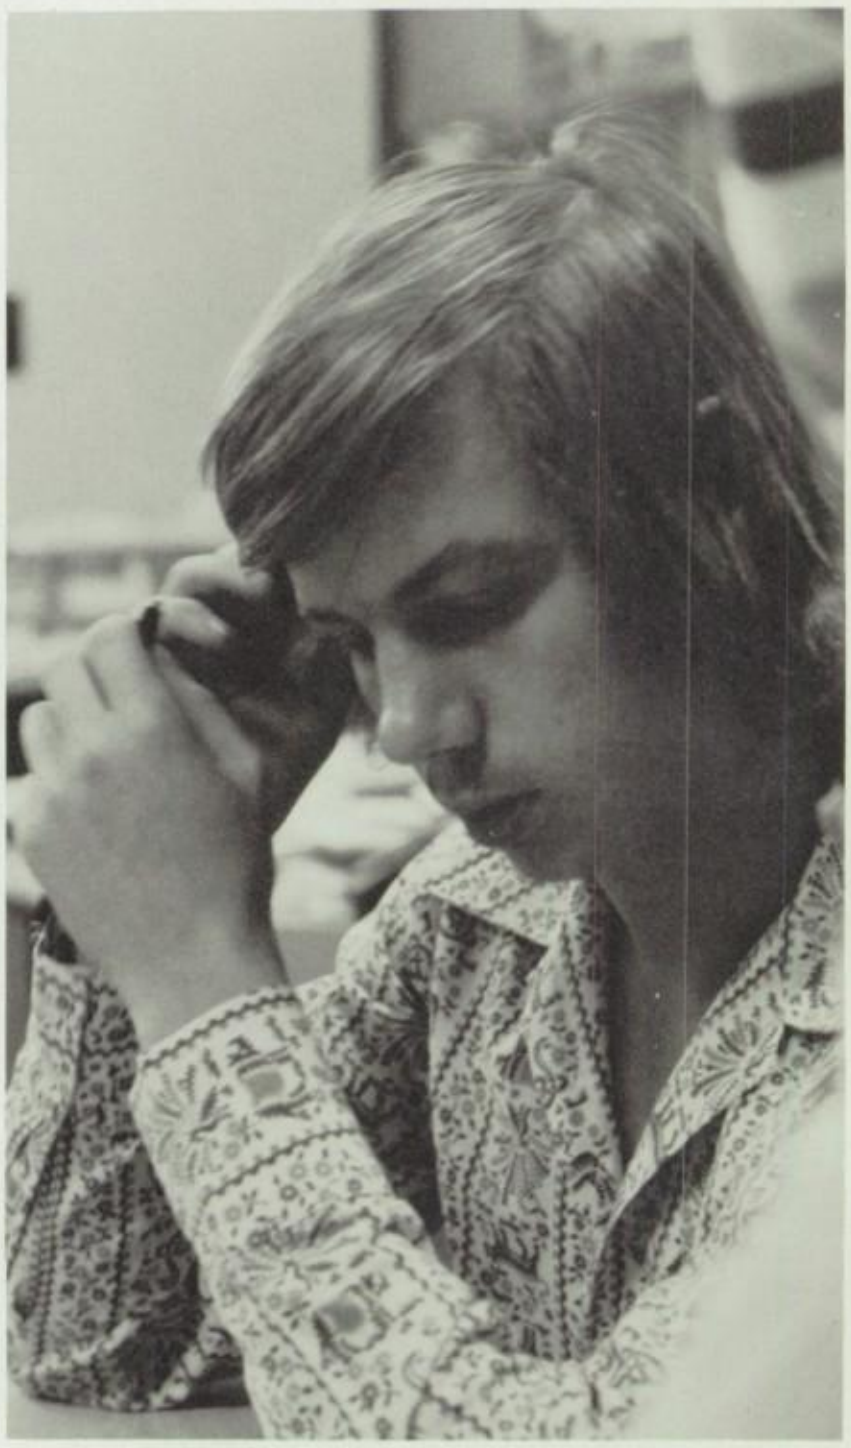
"Anything awful makes me laugh. I misbehaved once at a funeral."

"The noblest service comes from nameless hands, And the best servant does his work unseen."

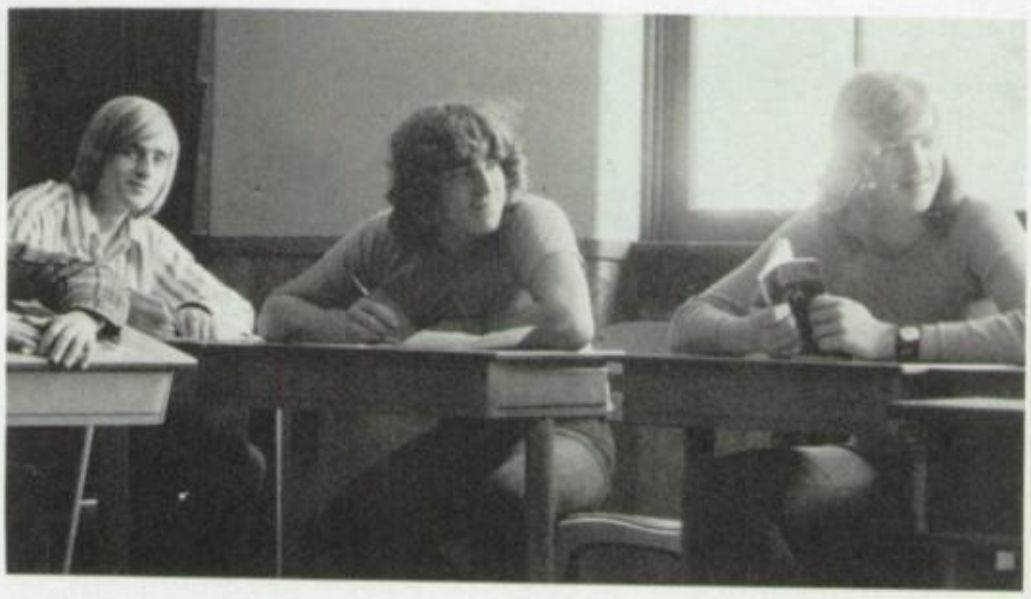


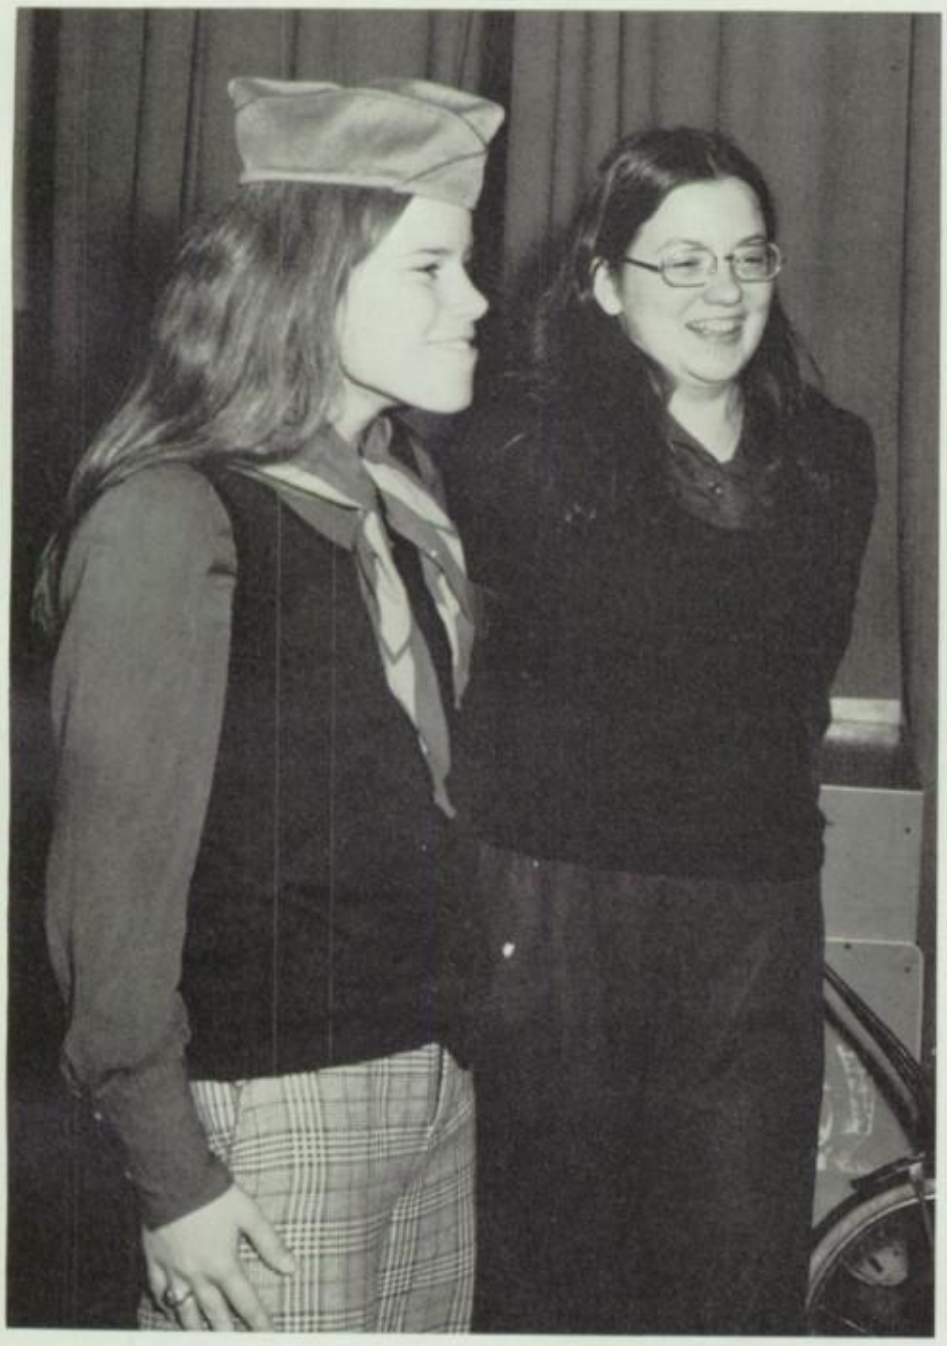
"If a man sits down to think, he is immediately asked if he has a headache."





"Clothes and manners do not make the man; but, when he is made, they greatly improve his appearance."





"I think patriotism is like charity--it begins at home."

"A soft refusal is not always taken but a rude one is immediately believed."
